The strike in the Gold Dollar, on Beacon hill, was a good one, the rich streak assaying as high as $6,028, the entire 16-foot vein will mill upwards of $10, with eighteen inches on each side of the rich streak which will smelt $100. Eight men are working in the mine at present but the number will be soon largely increased.

Summit stock was in some demand yesterday, it being hard to look at those magnificent retorts in Atward & Pearson's window without a hungry feeling. There were six of them, weighing 600 ounces, and they were worth $11,700. These with one other represent their product through their own mill for the month of December. They have beside, however, a carload of concentrates now in Denver.

He Didn't Understand.

"Not long since in Galveston," says a recently returned drummer, "I entered a telegraph office to send a dispatch to my house. As I was waiting, an old negro brought to the office a message which he wanted sent immediately.

"The operator scanned the message and replied, 'All right,' and proceeded to dispatch the missive. When this was completed, he took down his file, spitted the original on the hook and then turned his attention to other business.

"The negro took his seat and sat for half an hour, never taking his eyes off the paper on the hook. I was awaiting my own reply to a 'rush' dispatch, and as I had nothing better to do I watched him carefully. Presently his patience was exhausted. Approaching the desk, he said:

"'I say, boss, hain't yer gowin ter send dat message? It's berry important an should go megetly.'

"The operator looked up in surprise and then said: 'Why, old man, I sent the dispatch long ago. It's delivered long before this.'

"The darky looked at the man with surprise and then said: 'No, 'tain't. Ye can't fool dis chile. It's not sent at all; it's hanging up dar on de hook. I saw ye when ye put it dar, and I hain't taken my eyes off'n it since.'

"The operator tried to explain a little of the theory of telegraphy, but the darky would not rest content. Nothing would have satisfied him except to see the message itself whirling over the wires. Unless he has heard to the contrary, I feel assured that he doesn't believe now that his message was sent."—New York Herald.

THE CAMP FLOYD GOLD DISTRICT.

The General Passenger and Ticket Agent of the Rio Grande Western, Mr. J. H. Bennett, says of this district:

"Lewiston, Utah, better known as the Camp Floyd district, the scene of the recent gold discoveries, is developing into a veritable bonanza camp.

"The district is located about fifteen miles from Lehi, a local station on the Rio Grande Western railway main line, but most of the travel is coming to Salt Lake City.

"The camp is not a new one, as underlying the gold-bearing rock, which is generally conceded to be a sedimentary formation, is found a silver-bearing vein, from which, a number of years ago, large quantities of high grade silver ore were mined and shipped.

"The gold, supposed to be mainly in a chloride state, is found in a blanket vein of lime and shale which has been already traced for a distance of ten miles. Enthusiastic experts and mineralogists claim that the belt extends over to the Wasatch range and to within a few miles of Lehi City. The correctness of these statements can only be attested by future developments. Suffice it to say herein that the gold vein has been found in unlimited quantities throughout the belt extending from Ophir to Camp Floyd. By the use of the cyanide process the gold is extracted at a cost of $2 to $3 per ton, including all expense of labor and milling, and when considering the fact that the ore averages $16 per ton, a handsome net profit of from $13 to $14 accrues to the producer. This is the greatest gold strike of the age and when taking into consideration that the area of the gold field is entirely problematical, awaiting the investigation of prospector and miner, the natural result must be a boom of gigantic proportions, and latterly a wealth to the early comers. The camp is now in its infancy."

DR. GUNN'S ONION SYRUP FOR COUGHS, COLDS AND CROUP.

GRANDMOTHER'S ADVICE.

In raising a family of nine children, my only remedy for Coughs, Colds and Croup was onion syrup. It is just as effective to-day as it was forty years ago. Now my grandchildren take Dr. Gunn's Onion Syrup which is already prepared and more pleasant to the taste. Sold everywhere. Large bottles 50 cents. Take no substitute for it. There's nothing so good.

Deputy Sheriff Mullin of Cripple Creek was in the city yesterday.

Mr. H. B. Gillespie of Aspen, was an arrival in the city last night.

The next subscription ball of the El Paso club will be given on Tuesday evening, Jan. 9.

The first in the series of union services will be held Monday afternoon at 3 o'clock at the United Presbyterian church. Rev. A. M. Prewitt will lead.

The Colorado, the elegant new hotel at Glenwood Springs, Colo., is open throughout the year. It has a permanent orchestra, and makes no charge for fires.

Mrs. C. H. Wolfe, of 508 Grant avenue, gave a very enjoyable tea at her residence, Wednesday afternoon from 2 to 5. The house was very handsomely decorated with plants and flowers.

The Bennett building on Tejon, opposite the Bank block, has become something of a Board of Trade. It has been fitted up for offices and is entirely taken up with mining brokers' quarters. In the same room are Harriott & Prentice, R. H. Graham, H. C. Schimp, and Bradford, Madeira and Foster.

Messrs. H. H. Tammen and Stanley Wood of The Great Divide, were in the city on Thursday, their mission being a big write-up of Colorado Springs, such as Denver had in the last number of the magazine. The write-up will come cheap and will be a good thing. Mr. Buckman has agreed to do the writing.

About 11 o'clock yesterday morning the fire department was called to extinguish a fire in a small building on South Weber street. It was not much more than a shanty, and was pretty much destroyed before water could be put on. A defective flue was the cause. The France boys put on the first stream.

The next regular term of the District court begins next Monday. On Tuesday the Prince Albert-Great Mogul case comes on for trial and will probably occupy a week. Judge Downer is expected to come on the 15th to help Judge Campbell, and two courts will be in session at the same time. The court was in session sixty-seven days last term.

A notice was hung in the postoffice yesterday to the effect that a civil service examination will be held in this city on the 10th of February for the position of clerk and carrier in the city postoffice. The examination will be held in the Lincoln annex school building and application must be made to P. P. Hoop, secretary of the board, before January 21st.

Mrs. Deimer, the Colorado City woman who was reported to have hurt someone with a hatchet, as stated in THE GAZETTE yesterday, is now in the county jail. She is the woman who killed Engineer Chandler last fall. It seems that she had trouble with a Mrs. Anna Howard on Thursday evening about 5 o'clock. The stories of the two women differ regarding the affair, but in the end Mrs. Deimer secured a hatchet and hit the Howard woman on the head. A big cut was made in the scalp but not of a serious nature.

The newly elected officers of Pike's Peak Lodge No. 38, I. O. O. F., took their chairs last Thursday evening as follows: N. G., J. C. St. John; V. G., W. S. Furlong; R. Sec'y, J. M. Baker; Per. Sec'y, J. E. Shobe; Treasurer, A. A. Walling; Trustee, J. M. Bolton; R. S. to N. G., F. M. Pierson; L. S. to N. G., Nels Johnson; Warden, J. J. Hallock; Conductor, Peter Schmitt; Outside Guard, G. Teason; Inside Guard, A. E. Burt; R. S. S., Thomas Jones; L. S. S., W. B. Edwards; Chaplain, E. J. Robinson; R. S. to V. G., W. B. St. John; L. S. to V. G., L. K. Cole; Librarian, A. L. Hubbard.

Another large lot of the Florida navel oranges has been received at James Simpson's. In the cheese line he has received fresh De Brie, Neufchatel, De Camembert, Roquefort, Swiss, Edam, and Pineapple makes. The telephone number is 90.

"Admitted to the Bar," the new dramatic comedy which is said to have met with such great success in other cities, tells the story of a young attorney, Jefferson Ward, who gains a fortune for an illegitimate son, while at the same time preventing the disclosure of the identity of the heir's mother. This is made the more difficult, as under the laws of the State of California, in which the scenes of the play are laid, it is necessary to prove maternity as well as paternity, and also from the fact that the knowledge of who the boy's mother is, is also known by another claimant of the estate who threatens to disclose the secret unless a compromise is effected. It will be presented by Mr. Charles Dickson and his company of players at the opera house on next Thursday evening.

The Labor and Trades' Assembly ball on the 18th will prove to be a very enjoyable occasion, no doubt, as the managers are making every effort to have it a great success. It is given to aid the deserving poor of the city. Tickets are $1.50 each.

James Simpson, the fruit dealer, has just received the first large shipment of shelled pecans, almonds and English walnuts. He also has very fine Malaga grapes, tangarines, grape fruit, and newly-imported raisins. Telephone 90.

Miss Dixie.

Patti Rosa is not excelled by any in her line on the American stage, and her success has grown with such steady rapidity that she is fast becoming one of the most popular of actresses. Her appearance here next Monday night at the opera house will present here in her most successful play, "Miss Dixie," and she will be aided in its presentation by one of the best comedy companies ever organized by her. Referring to the little star's work, a California paper says: "Patti Rosa advances; she is brighter and better in all she undertakes. She gives just a shade more of seriousness to her roles, but does not a particle lessen in bubbling fun. She has a very superior company; there is no weak timber in it. Her baritone, Maurice Darcy, is not only a fine singer, but a good actor; her Dutch dialect comedian, Joe Cawthorn, is the best seen here yet."
